

# Biodiversity

## How we care

Nurture can provide Biodiversity Action Plans (BAP's) specific to your site. Nurture can give advice on creating meadows, making bug hotels, recommending bird and bat boxes and where to put them. Involving staff in moth catching and bat detecting. Partaking in the RSPB Big Garden Birdwatch, National moth night, recording plant behaviour with the Woodland Trust's Nature's Calendar or digging up worms for OPAL the Natural history museum and so much more.

**Welcome to Nature's Calendar**

Here you can record and view seasonal events that show the impact of climate change on our wildlife.

If you'd like to know when bluebells are blooming, song thrushes are singing or the trees are about to treat you to an explosion of colour, Nature's Calendar is for you.
