

Carbon Neutral

In-line with the UK Government's 2019 statement "New target will require the UK to bring all greenhouse gas emissions to net zero by 2050". Nurture recognises the need take action to become a Net Zero Carbon Company.

To become Net Zero Carbon in our own operations by 2030, this year we will undertake a full carbon assessment to determine what actions will be required to be put in place along with a robust timeline using science-based data.

The Board of Directors have agreed to take the following Actions

Measure

Aim

Reduce

Offset

Communicate

Comply

Measure

Nurture have engaged a professional consultant - ECA Business Energy, to measure our carbon footprint.

ECA have already completed our SECR (Streamlined Energy and Carbon reporting).

Aim

We will have a Carbon Management Plan in place by the end of 2020.

Reduce

We aim to reduce our CO₂ year on year to meet the targets set in the Carbon Management Plan.

Offset

Nurture will look to Offset all the remaining CO₂ produced by 2025.

Communicate

As part of the Carbon Management Plan, when agreed stages have been completed, a communication strategy and report will be produced.

Comply

Nurture will be PAS2060 compliant by 2025.
